

IN THE UNITED STATES DISTRICT COURT  
FOR THE WESTERN DISTRICT OF WISCONSIN

-----  
ROBERT R. OLESON,

Plaintiff,

v.

UNITED STATES OF AMERICA,

Defendant.

-----

ORDER

05-C-33-C

Plaintiff Robert Oleson has filed a document in this case titled “Motion for Court Order for Return of Wheelchair.” In this motion, plaintiff asks that the court order officials at the United States Penitentiary in Terre Haute, Indiana to provide him with a wheelchair. The motion will be denied, because plaintiff has not been allowed to proceed in this case on a claim related to his use of a wheelchair. In this case, plaintiff seeks to recover money damages from defendant for daily headaches, blurred vision in his left eye and pain in his left arm that he contends is the result of a shock he suffered from an improperly installed clothes dryer at the Federal Correctional Institution in Oxford, Wisconsin. If plaintiff believes that prison officials at Terre Haute are violating his rights under federal law or the Constitution with respect to his use of a wheelchair, he is free to raise the claim in a new lawsuit filed in

a federal district court in Indiana after he exhausts his administrative remedies.

ORDER

IT IS ORDERED that plaintiff Robert R. Oleson's "Motion for Court Order for Return of Wheelchair" is DENIED.
